PYRAMIDE

Pyramid is a program designed by the purpose of running a tournament in martial arts with several weight classes. The program can be delivered as a single file or as an Install.exe.

The program runs on all computers with MS Excel installed.
Even though Pyramide is small (1mb) it is powerful and with many features.

Some Program details:

- Registration of competitors by manually enter name and country
- Registration of competitors by importing
- View / Print list of inscribed competitors by weight classes or by country
- Easy configuration of weight classes
- Approval of competitors during check in of the tournament
- Seeding of competitor per weight class
- Automatic setting up Pyramids for each weight class
- View all weight classes including number of fights, separated in number of opening rounds, semifinals, bronze finales and Finales per weight class. Divided on all surfaces, in just one single window.
- Easy configuration of combat-setup (with weight class goes on with surface)
- Automatically includes surface name and fight numbers on all Pyramids
- Automatically generated injure list
- Generates results lists
- Generates fight lists
- Separate setup of Finale sequences, independent of opening rounds. (Put Finales in the ordering you want, in desired amount of combat-surface)
- Easy registration of each fight results
- Automatic continuance of the winner
- Automatically renaming of Pyramid names based on the weight class configuration
- "All printable"

Be on top of the game and have full control of the event, use Pyramide!

Pyramide offers unique control and overview in every step of an event. From registration, fight-schedule, injury reports to result list you are fully in charge.

Pyramide is built in Microsoft Excel and Visual Basic. The lay-out is easy-to-follow and easy-to-use.

There is only 6 tab's to concentrate of and this makes it easy to use.

\ Tables \ RegList \ TatA \ TatB \ TatC \ TimeSchedule /

The Tab "RegList" is where all competitors is been registered.

Weight	NAME	COUNTRY	Tirr
H-84KG	Paul Petter Jenssen	Norway	
H-84KG	Stian Orvedal	Norway	
H-84KG	Terje Unnerud	Norway	
H-84KG	Benjamin Effersø	Norway	
H-84KG	Fredrik Wikstrøm	Norway	
H-84KG	Ronny Jacobsen	Sweden	

This can be done by entering the competitors manually or by importing from a Database or directly from an internet site. The registration doesn't have to be entered weight class by weight class as the program sort the list automatically. All competitors can be seeded as you like.

When all competitors are present in the list we have the possibility to fully pre-organizing in the Tab "Tables"
